

MONTPELIER

Two Senatorial Candidates Announce Their Purpose.

Two of those who are to be candidates for county senator, have authorized the announcement of their candidacy for the honors. They are Jacob Bates of Montpelier and Del B. Dwinell of Calais, men who aspire to represent opposite ends of the county in the next Senate and both of whom are members of the present House of Representatives. Mr. Bates has long been a resident of Montpelier. He was superintendent for H. O. Ward nearly all the time he was in the lumber business and took quite an active part in the work in the House last session, standing for several of the improvements in the handling of the state's business. Mr. Dwinell is a merchant in Calais and has been a member of the county. He was instrumental in securing a shorter open deer season and getting it shifted into an earlier date for opening. He did considerable work upon the bill to secure a more strict gambling law and saw the results of his labors in that matter. Sheriff H. Tracy will undoubtedly be a candidate for re-nomination at the coming primaries. In the last few days many of his friends have approached him on the matter. He is agreeable to a re-election. If Sheriff Tracy was not a candidate for re-election there would be several who seek the office. These include Charles A. Smith of Montpelier, J. Clayton of Barre, E. E. Campbell of Waterbury and George Grandfield of Fayston, who are not in the field against Sheriff Tracy.

J. W. Hatch, principal of Montpelier seminary, is fortunate this spring in that he is to lose but two of his teaching staff for next year. These are Miss Marion Brown, who taught Latin, and Miss Buckins, the teacher of shorthand and typewriting. Both are very able teachers. Miss Brown was also preceptor, so that which will make the position more difficult to fill.

Miss Florence Seguin of Hartford, Conn., is visiting relatives here.

Gov. H. F. Graham on Thursday afternoon appointed E. H. Holden as judge, taking the place of Daniel Guitman, who died recently. Judge Holden preceded Mr. Guitman in the office.

M. C. Knight of Newbury arrived in the city Thursday noon and during the afternoon completed arrangements for six young men who left at 7:30 o'clock this morning for Camp Devens. These take the place of those who were recently rejected at the camp. There was also one boy from Orleans county who went in the Orleans county contingent. He was W. L. Walker of Derby. Those going from Orange county were Victor T. Henderson of Newbury, Charles L. Spear of Newbury, Russell G. Goodwin of Chelsea, Vinson B. Rowell of Vershire, Arthur W. Harris of Newbury, and Dexter A. George of Newbury. Mr. Harris is in charge of the party. Thursday night a single man had a party for the contingent, training and Mr. Knight did not expect there would be any, for nearly all of the 30 left in general service are in agricultural work.

The following information, sent to the different presidents of the eastern railroads which include the New England roads, may have played a prominent part in the change in the train schedule in which the passengers coming to this section from New Hampshire and points south on the Boston and Maine railroad will get their connections at Wells River. It may also play an important part in the accommodations of persons from this part of the state going to points on the Rutland railroad. The part of the order most interesting to the public is: "We have received several complaints in regard to the failure of the railroads to make desirable passenger train connections, particularly at intermediate points where it can be done by only a slight readjustment in train schedules. Often these connections are broken by a few minutes of time, but the resultant delay to passengers is several hours."

"Under government control there can be no excuse for conditions of this character and it would seem advisable to have a general investigation made with the view of eliminating cases of the kind when it can be done consistently. I feel sure if in our efforts to reduce train mileage, we show an inclination to make travel conditions convenient for the public, that action will be appreciated and will go far towards offsetting the annoyance that is likely to be felt by reason of the discontinuance of numerous passenger trains."

This order is signed by A. H. Smith, the regional director, with the view of avoiding complaint or criticism on the part of the traveling public. It is known that recently an effort was made to refrain from holding the Montpelier and Wells River train at Bradford, but recently it was announced that the train would wait for that connection. If the train did not wait, then persons not knowing of the poor connections coming from that section on Saturdays, would be obliged to wait at Wells River until Monday. This train will get into Montpelier about the same time as now. However, the departing afternoon train will leave at 1:10 as it did until this winter. When this change was made persons going from here lost their connection for Lancaster, N. H., and intervening points. Now, with the train leaving at 1:10, they will catch that connection so that on the whole the new summer schedule, which goes into effect Monday, will improve conditions.

FINE TONIC FOR NERVOUS WOMEN

This Case in Lowell Proves That Building Up the Blood Will Strengthen the Nerves.

If you want strong nerves you must make the effort yourself. You can help yourself by refusing to worry, by taking proper rest, sleep and vacations; by avoiding excesses and by taking out-of-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Mrs. Lizzie Scoble of No. 21 Sawtelle street, Lowell, Mass., considers Dr. Williams' Pink Pills a splendid tonic and used them for nervousness. "I had no ambition for my household duties," she says. "I was very nervous and very irritable, was all tired out and would wake up in the morning feeling more tired than when I went to bed. I had severe headaches which would get my nerves all unstrung. I lost flesh and color."

"Through a newspaper I learned of Dr. Williams' Pink Pills and after I had taken a couple of boxes I noticed my nerves were quieter and I could sleep well at night. I took four boxes at that time, and I have no hesitancy in recommending them for I know they helped me."

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones, have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worth a trial.

Dr. Williams' Pink Pills are sold by your own druggist or will be sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write to-day for free booklet on the blood and nerves.—Adv.

Charlie Zwicks, eight years old, caught a twelve-inch one. Another man said he caught so many nice ones he didn't dare show them. Don't all come here fishing. You might get disappointed. Nevertheless there have been some good strings brought in.

Yesterday morning's freeze was the only one ever experienced here so late in June. Still water froze in many places. Large quantities of beans, corn and potatoes, and practically all squashes, cucumbers and tomatoes, unless covered, were either ruined or seriously damaged. Generally the gardens near the river levels suffered most, those on the lower hill-sides escaping. Farmers in all the hill regions, however, were heavy sufferers. The air was very cool again last evening and many feared a frost, but nearly every tender thing was frozen already.

His military record began two years ago when he enlisted in the 3d artillery, C. A. C., from which he was discharged in February, 1917. In May, 1917, he enlisted in the medical department of the U. S. regulars and at present is with the post hospital detachment at Fort Ethan Allen. The wedding party and guests partook of lunch after the ceremony. Strawberries for canning from the C. A.
